W. C. WINDLE  
SUCCUMBS ON  
GOLF COURSE

Drug Company Executive,  
48, Dies Following  
Heart Attack

FUNERAL SERVICE IS  
SET FOR WEDNESDAY

Lifelong Resident Of City,  
Managed Broadway  
Store Since 1922

Stricken with a heart attack,  
William C. Windle, 48, president of  
the J. H. Lease Drug Co. and man-  
ager of the Broadway Lease store,  
died suddenly at 9:30 a. m. Sunday  
while playing golf at the Salem  
golf club.

Mr. Windle was a member of a  
cousin which included Dr. F. R.  
Zonggy, J. M. Kelley and L. W.  
Fox.

The group had left the fifth tee  
when Mr. Windle told them that he  
felt ill. After playing two shots he  
picked up his ball and, at the  
suggestion of his companions,  
walked up to a bench on the No. 6  
tee to rest. In the meantime, the  
group sent in to the club house  
for a car so that Mr. Windle could  
be taken home.

Arising from the bench, Mr. Win-  
dle started toward the car and  
then fell to the ground.

Applies Restoratives  
Dr. Crowder immediately applied  
medical restoratives, as well as ar-  
tificial respiration but efforts were  
unsuccessful and Mr. Windle died  
within a few minutes after he was  
found.

Mr. Windle was a lifelong resi-  
dent of Salem. He was born Sept.  
1892, son of Mr. and Mrs. Frank  
Windle. His father died a few  
years ago.

He was graduated from Salem  
high school and Western Reserve  
school of pharmacy.

He worked for a number of years  
for the former Frank Trimble drug  
store on E. State st. before going  
to the army. He served overseas  
with the American Expeditionary  
force. After his discharge from  
the army, Mr. Windle joined the  
Lease organization in 1919 as a  
registered pharmacist.

**Named President**  
C. W. Kaminsky was president  
of the company at that time. When  
H. Lease left the organization in  
1922 Kaminsky became general  
manager and Windle was elected  
director and manager of the  
roadway store, a position he has  
held since.

Mr. Windle was a past president  
of the Ohio Retail Association. He  
was a member of the Methodist  
church, the Masonic lodge, the  
American Legion, and a director of  
the golf club.

He is survived by his mother;  
his wife, the former Leda Con-  
ners; and a sister, Myrtle, at home.  
The funeral service will be held  
at 2:30 p. m. Wednesday at the  
Lease Memorial. Burial will be in  
riverside cemetery.

Friends may call anytime at the  
home, 860 Homewood ave.

## New Training Ship For U. S.

As the United States builds merchant ships in ever increasing  
quantities, more sailors are needed. Top, is the Maritime Com-  
mission's newest training ship, the American Sailor, formerly the  
freighter Edgemont, tied up at its Staten Island, N. Y., pier. Bottom,  
are some of the 300 apprentice seamen ready for the 6,000-mile maiden  
voyage to Hueneme, Calif.

11 ARRESTED BY  
HIGHWAY PATROL

Only Two Traffic Accidents  
Reported Over Week-  
end, However

Salem state highway patrolmen  
investigated two traffic accidents,  
neither of a serious nature, and  
arrested 11 motorists during the  
weekend.

No one was injured when Miss  
Sadie Hepps, 27, of Midland, Pa.,  
lost control of her car on a hill on  
Route 30, west and one-half miles  
east of West Point, at 4:45 p. m.  
Sunday, sideswiped another ma-  
chine operated by Robert L. Kauf-  
man, 20, of Detroit, and then land-  
ed in a ditch.

Aaron Kuntz, 68, of Columbiana,  
was charged with reckless driving  
after his automobile and another  
driven by Peter Taus, Jr., 29, of  
Salem, collided at a street inter-  
section in Columbiana at 9:30 a. m.  
yesterday. Taus suffered a bruised  
knee.

Kuntz was fined \$10 and costs  
by Mayor Arthur Myers at Colum-  
biana.

Motorists arraigned here before  
Mayor Norman Phillips over the  
weekend the charges and fines, in-  
clude:

Ray Smith of Salem, speeding,  
\$10 and costs.

Earl Martin, R. D. 1, Salem,  
speeding, \$10 and costs.

William Stackhouse of Beloit,  
speeding, \$10 and costs.

Ralph Yeasley, R. D. 2, Moul-  
trie, reckless driving, \$10 and costs.

Edward Seroka, R. D. 1, Salem,  
speeding, \$10 and costs.

Carl Ewing, R. D. 2, Lisbon, reck-  
less driving, \$10 and costs.

Owen Breckenridge of Los  
Angeles, Calif., speeding, \$10 and  
costs.

Herbert C. Call of R. D. 2, Sa-  
lem, charged with speeding, and  
James Crubaugh of East Palestine,  
charged with speeding, drew fines  
of \$10 and costs in Mayor Lloyd  
Culler's court at Washingtonville.

Wesley Miller of East Rochester,  
arrested by the patrol on a charge  
of driving an automobile with im-  
proper lights, was fined \$1 and  
costs by Justice E. R. Riggs at Han-  
couverton.

JOSEPH MARSILIA  
TO SING TONIGHT

Getting away from soaring tem-  
peratures, scores of Salem music  
lovers are expected to occupy the  
much cooler auditorium of the  
Methodist church this evening for  
the Joseph Marsilia concert, a ben-  
efit for the Salem chapter of the  
Red Cross.

An attractive program, beginning  
at 8 p. m., has been arranged by  
Marsilia and, judging from ad-  
vance ticket sales, his audience will  
be extensive.

Mrs. Myra Woodruff, executive  
secretary of the Red Cross, today  
asked that all ticket sellers be pre-  
pared to submit a report at the  
church this evening.

ROLLER KILLS  
ROAD WORKER

Hanoverton Man Crushed  
To Death As Machine  
Overturns

**BULLETIN**  
Earl C. Snyder, aged about  
48, of Hanoverton, a Columbi-  
ana county highway department  
employee, was killed instantly at  
2 p. m. today when a roller he  
was operating on the Cham-  
bersburg-Reading road over-  
turned. Snyder was crushed be-  
neath the heavy machine.

The body was removed to a  
Minerva funeral home.

The accident happened just  
north of Chambersburg in West  
township.

It was just three weeks ago  
that Snyder had a narrow es-  
cape from death when buried  
under several tons of slag ac-  
cidentally dumped from a tippie  
in Lisbon. Fellow workmen dug  
with shovels to remove the slag  
and rescue Snyder at that time.

186 ARMY TRUCKS  
STOP AT LISBON

LISBON, July 28.—A convoy of  
186 army trucks and approximately  
250 soldiers of the 29th division of  
the 104th Quartermaster's regiment  
of Port Meade, Md., passed through  
here Sunday at noon, stopping in  
the village for more than an hour  
while the men had lunch.

The trucks were being driven  
from the factory in Pontiac, Mich.,  
to Fort Meade. The two sections of  
the convoy were in command of  
Major W. Norwood Briscoe, with  
Major Robert W. Rogers in charge  
of one contingent.

Nation Reports Heavy Toll  
In Drownings And  
Prostrations

A weekend of record high tem-  
peratures left Ohioans and other  
hapless humans in the eastern two-  
thirds of the nation gasping for  
breath today with little prospect of  
relief before mid-week.

The mercury reached 95.5 degrees  
in Salem Sunday for what is be-  
lieved to be an all-time high for  
July 27.

The air "cooled down" to only 73  
degrees during the night and at 1  
p. m. today was back up to 93 and  
still climbing.

Yesterday's high of 95.5 degrees  
was officially recorded at the city  
sewage treatment plant at 2:30

COLUMBUS, July 28.—Cin-  
cinnati with 105 degrees was the  
hottest spot on the U. S. S. S.  
weather map prepared here to-  
day by the government me-  
teorologist.

The reading was the highest  
reported for yesterday from  
nearly 300 government weather  
stations.

p. m. It was 63 degrees at 6 a. m.  
yesterday and 93 at noon.

Salem got only a few drops of  
a slashing rainstorm which cut a cir-  
cular west and south of the city  
about 2:30 p. m. Saturday. The rain  
benefited farm lands south of here.

## Hope of Relief Is Slight

From the northern great plains  
states eastward to the Ohio valley,  
abnormal temperatures and rela-  
tively moist weather prevailed and  
the forecaster's only hope of relief  
today was in the form of local  
showers in some sections.

FLAX SCUTCHING  
EVENTS ARRANGED

Old Fashioned Dancing Is  
Scheduled On Two  
Evenings

Old fashioned square dances will  
be held on Friday and Saturday  
night as features of the annual  
Winona flax scutching on Aug. 15  
and 16. Participants will dress in  
costume and will come to the  
dances in horse and buggy.

Saturday's program will get un-  
der way before noon with a flag  
raising ceremony by Salem Girl  
Scouts, followed by the crowning of  
the Queen of the Flax. After her  
crowning the queen will review a  
colorful parade, to be led by a  
visiting band. The band will also  
give an afternoon and evening con-  
cert on Saturday.

After leaving the reviewing stand  
the queen will preside over a com-  
plete flax scutching program. This  
interesting demonstration will, as  
in other years, be the highlight of  
the two-day event.

Also on Saturday's program are  
many novel and amusing contests  
for riders, with an exhibition of  
saddle and draft horses on the  
grounds.

Groups, firms, and individuals  
are invited to enter floats in Sat-  
urday's parade. Those interested  
should contact Mrs. Willard Cope,  
Winona 15 F 2.

## A Day At The Races —

Thrills, Spills And Crack-ups Plentiful  
In Model Plane Events At Miller Airport

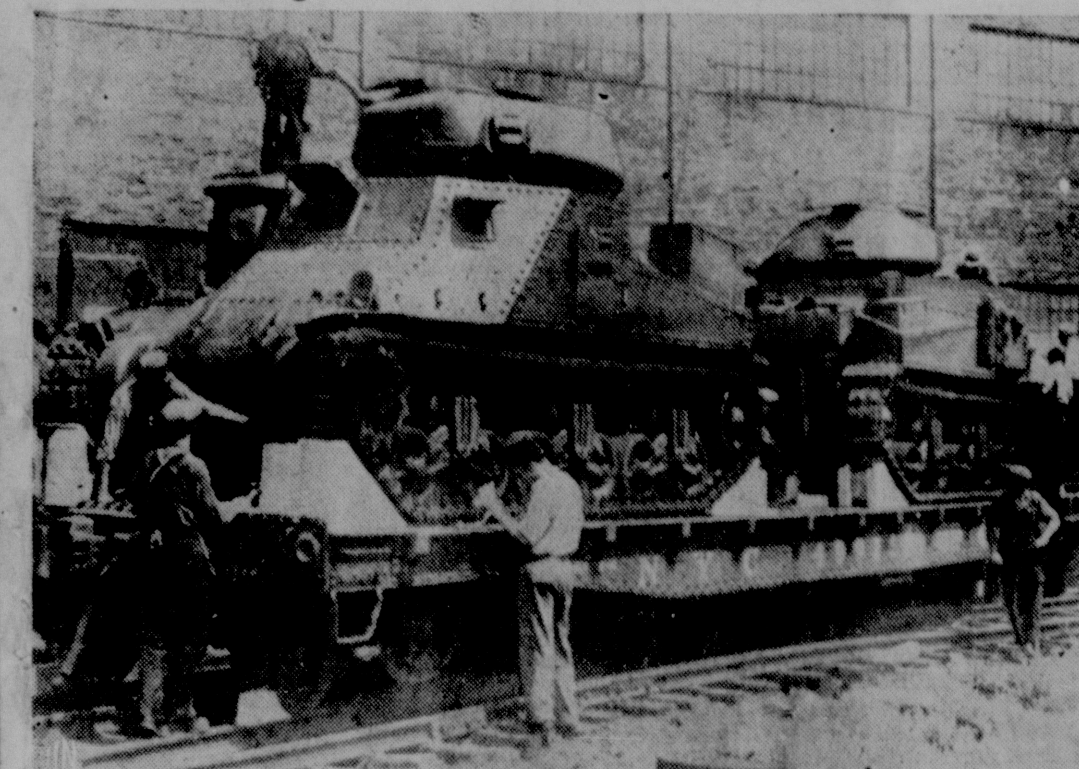

It takes at least three things to  
be a builder of model airplanes: (1)  
Patience, (2) A large vocabulary,  
(3) More patience.

Model plane racers who gathered  
Sunday at Miller airport, North  
Benton, showed that they had all  
three during the All-Ohio meet.  
Especially plentiful were the words.

Put yourself in their shoes. For  
three months you've spent every  
spare minute butchering balsa wood  
and pasting tissue paper. Then you  
take slightly over \$15 of the money  
you've got left and buy a one-  
fourth horsepower gas motor. This  
you gently, but firmly, hang on the  
front of your beautiful creation.

Now you drag your wasted body  
out to a cow pasture, put a few  
drops of gas in your miniature mo-  
tor, start it up set the spark, and  
put your plane down in the field.  
It taxis, it takes off, it flies!

MACARTHUR IS  
ISLAND 'BOSS'

Former Chief Of Staff To  
Head Philippines  
Armed Forces

(By Associated Press)

WASHINGTON, July 28.—Presi-  
dent Roosevelt formally nominated  
Douglas MacArthur today to be a  
lieutenant general in command of  
the United States and common-  
wealth forces in the Philippine is-  
lands.

The nomination of the former  
chief of staff went to the senate  
as Senator Pepper (D-Fla.) told  
reporters that Mr. Roosevelt could  
have made "no better selection" of  
a commanding general of forces in  
this troubled Far Eastern area.

"If the Japanese think they can  
move into the Philippines as they  
did into Indo-China they have a  
surprise awaiting them," said the  
Florida senator, a staunch support-  
er of the President's foreign policies.

MacArthur's confirmation might  
be regarded as an indirect endorse-  
ment of the President's order Sat-  
urday blanketing all Philippine  
armed forces into the service of  
the United States.

That order, as well as the earlier  
proclamation freezing the economic  
assets of Japan in this country and  
its possessions, gave convincing evi-  
dence of the stiffened Far Eastern  
policy adopted by the administra-  
tion following Japan's move into  
southern Indo-China.

The newly consolidated Philippine  
military organization intrinsically  
is a defense force, not viewed by  
officials here as even a potential  
expeditionary corps. MacArthur, a  
former chief of staff who for five  
years supervised the training of  
the Philippine army, has contended  
repeatedly that the archipelago  
could be defended successfully from  
a sea attack.

## Veteran Newsmen Dies

ASHLAND, Ky., July 28.—James  
Dunn Cranley, 75, who began his  
50-year newspaper career on the  
Cincinnati Post staff at the age  
of 17 and later helped cover the  
Johnstown flood for the Associated  
Press, died yesterday. He was  
born in Cincinnati and worked for  
the Cincinnati Enquirer for 20 years.  
He also worked on papers in Ash-  
land, Ky.; Wheeling, W. Va., and  
Chicago.

Judy Garland, 19,  
Weds Dave Rose

LAS VEGAS, Nev., July 27.—Judy  
Garland, sweet-faced, sad-voiced  
little songstress of the films, be-  
came the bride of Dave Rose, 31-  
year-old orchestra leader, composer  
and music arranger today.

The 19-year-old singer flew here  
from Hollywood with Rose and her  
mother and step-father. Mr. and  
Mrs. William Gilmore.

Rose formerly of Chicago, was di-  
vorced recently from comedienne  
Martha Raye, to whom he was  
married at Ensenada, Baja, Calif.

Miss Garland was born Frances  
Gumm at Grand Rapids, Minn. She  
entered films at the age of 12, and  
until shortly before announcing her  
engagement to Rose last month had  
been ranked as a juvenile.

Only two years ago, Judy was the  
child star of "The Wizard of Oz."  
She is the third actress to leave  
Hollywood's juvenile ranks through  
marriage recently, the others be-  
ing Deanna Durbin and Kathryn  
Grayson.

COUNTY WILL MAIL  
NEW FOOD STAMPS

List Of Names Certified To  
County By Local  
Director

Salem's relief clients are to re-  
ceive their food stamps by mail  
from the main office in Lisbon  
when the city begins participating  
in the program Aug. 1. It was an-  
nounced today by H. A. Moore, Co-  
lumbiana county food stamp agent.

The stamps will be mailed to the  
participants on the basis of a list  
certified to Moore by Mrs. Ruth  
Berry, city relief director.

The food stamps also will be  
mailed to indigents in East Pale-  
stine and townships of the county.  
East Liverpool and Wellsburg start-  
ed operations under the county's  
food stamp plan on July 16 but are  
issuing the stamps from their own  
offices.

Moore, whose headquarters are  
in the courthouse at Lisbon, has  
been named a federal collaborator  
under the Federal Surplus Market-  
ing Administration in order that  
he can mail the stamps to relief  
clients in government postage-free  
envelopes.

JAPS ARRIVE  
IN INDO-CHINA

Will Occupy Two Points On  
Coast, Several In  
Interior

(By Associated Press)

LONDON, July 28.—Japanese  
troops began disembarking in  
southern Indo-China today in ac-  
cordance with the new Japanese-  
French "joint defense" agree-  
ment. Reuters (British news agency)  
referred in a dispatch from Hanoi,  
Indo-China capital.

VICHY, Unoccupied France, July  
28.—It was announced officially to-  
night that Japan will occupy two  
points on the coast of French Indo-  
China and several points in the  
interior by agreement with the  
Vichy government.

The inland concessions are in  
Annam, a coastal region running  
most of the length of the French  
Indo-China, and in Cochinchina,  
at the southernmost tip of the  
peninsula across the Gulf of  
Siam from Malaya.

Japanese troops, it was disclosed,  
also will have use of Indo-Chinese  
roads, and possibly railroads, to  
move southward to their new bases.  
Japanese forces already are based  
in northern Indo-China.

Edward B. McLean  
Dies In Hospital

WASHINGTON, July 28.—Ed-  
ward B. McLean, lavish-spending  
intimate of the late President War-  
ren G. Harding and one-time pub-  
lisher of the Washington Post, died  
yesterday in the private sanitarium  
where he had been a patient  
since a Baltimore court found  
him mentally incompetent in 1933.

Once the poker-playing com-  
panion of Harding, McLean's name  
was brought into the trial of Albert  
B. Fall, Harding's secretary of in-  
terior, on a bribe-taking charge.  
Fall said he had borrowed from  
McLean the money with which he  
purchased a New Mexico ranch.  
The court found, however, that the  
money came from Edward Doherty,  
oil operator.

The poker parties in which Har-  
ding and the millionaire publisher  
were held in the White House  
in a downtown dwelling which be-  
came known as the little green  
house, and at McLean's Eye street  
home, the famous party house built  
by Ned's father, the late John Roll  
McLean.

A third generation newspaper  
man, he was the son of John Roll  
McLean of the Washington Post,  
and grandson of Washington Mc-  
Lean, one of the founders of the  
Cincinnati Enquirer. He became editor  
and publisher of the post in  
1916 upon his father's death, and  
finally severed his connection with  
the newspaper in 1933. A short  
while later, he entered the sanitarium.

Germans Claim Entire Red  
Division Destroyed,  
Victory Near

(By Associated Press)

MOSCOW, July 28.—The Red  
army appeared today to be taking  
the initiative on several sectors of  
the Russian-German front—a 2,000-  
mile fighting zone along which So-  
viet spokesmen earlier declared the  
Nazis blitzkrieg had broken down to  
siege tactics.

A communique reported "fighting  
actions of our troops" throughout  
the night in the directions of Nevel  
and Smolensk, in the central region,  
and at Zhitomir, in the Ukraine.

This was a variation from the  
wording of previous communiques,  
which mentioned only stubborn bat-  
tles or fierce fighting, indicating  
that the Russians now are under-  
taking more than defensive opera-  
tions.

The Red air fleet as well as  
ground troops were reported to be  
gradually swinging into the offen-  
sive.

The communique cited several  
specific instances of Russian thrusts  
against the Germans, ranging from  
a local raid on the invaders' lines  
to a large-scale counter-attack.

All evidence on this side indicated  
that the German drive against the  
Russian lines was draining the Ger-  
man army's strength and that its  
progress was coming to a halt in  
the sixth week of the war.

## Nazis Claim Victory

(By Associated Press)  
BERLIN, July 28.—A Red army  
division shifted from the Far East  
to defend Moscow has been de-  
stroyed and the bloody "battle of  
Smolensk," on the highway to the  
Russian capital, is about to end  
in victory for Adolf Hitler's army,  
German war reports declared to-  
day.

All Russian attempts to prevent  
annihilation of trapped forces in  
the Smolensk area have failed and  
the battle is "drawing to a success-  
ful conclusion," the high command  
reported.

The claim that another Russian  
division had been wiped out was  
made in war dispatches which said

## DUEL WITH ALUMINUM SABRES

The Aluminum Co. of America recently has been good enough to distribute some documents shedding light on the matter that led to the collection of all those pots and pans. Included were: A transcript of testimony by Arthur V. Davis, chairman of the board, before the senate committee investigating defense; the aluminum chapter in the report by the house military affairs committee; a statement by Secretary of Interior Ickes before the senate committee; a statement by I. W. Wilson, vice president in charge of the company's production, also before the senate committee.

Examination of these documents and a nodding acquaintance with other statements about aluminum urge an aluminum layman to conclude that a private company has been caught short by a sudden and enormous increase in demand for its product and that the only solution is for the company and the government to work closely together to avert an acute shortage. However, Secretary Ickes is afraid that if the company and the government work closely together the company will somehow get more out of the cooperation than is coming to it. He is bristling and officials of the company are bristling back at him.

The moral to be drawn is that when there is something to be done that calls for cooperation the first step is to keep Secretary Ickes incommunicado for the duration. The quickest way to start a fight invented by the Roosevelt administration in eight years of experimentation is to turn loose Honest Harold on anything. He has no rival for the honor of possessing the longest tongue and the shortest viewpoint of any of the New Dealers who have made a practice of stirring up the animals just to hear 'em roar.

## SOME FACES THAT NEED SAVING

It looks as though the United States government might have as tough a problem of face-saving to settle right now as the government of Japan, which has made a move in open defiance of this country's Pacific policy.

That policy, as generally understood, has been to prevent Japanese expansion that threatened American security in the Pacific area. The policy came a cropper when Japan successfully invaded Manchuria, first step in a march of expansion that was to carry it into China proper and now has carried it southward to Indo-China preparatory to an ultimate bid for control of the Netherlands East Indies and the strategic naval base of Singapore.

Only more to offset Japan's expansion has been a series of improvisations to bolster Chinese resistance, which has been costly to Japan but has not prevented it from attaining a position enabling it to proceed with further moves intended to bar Asia to United States trade, except on Japanese terms.

The question in every American mind now is, of course, what the government will do next. It has only one plain course open, despite the advice of sword rattlers who think the United States should proceed immediately to rush into armed conflict with the Japanese. That course is a resort to sanctions which, as President Roosevelt himself has implied in the instance of oil, only will increase the desperation that enables a military clique to dominate Japan by holding out the so far, illusory hope of economic security by military conquest.

The United States must be constantly aware of what is in all respects a prior commitment—the defeat of Hitlerism. With that threat removed, Japan could be adjusted to an equitable share of Pacific influence; it then would have no claim to expansion that it could not support in its own name. The United States would not be confronted with a world situation that enabled Japan to play off American policy against German policy. Japan is gambling on German victory. The United States is gambling on German defeat. But whereas Japan has nothing to contribute to German victory but its nuisance value in Oceania, where it dares not go further than its armies can be extricated in the event Germany fails, the United States has its tremendous productive capacity to contribute to German defeat.

In a word, the surest and quickest way for the United States to save face is to produce and produce. With that job performed the way it should be and can be performed, all other problems will take care of themselves.

## Man-Made And Man Un-Made

Bombs crumpling on Moscow add one more world renowned metropolis to the list of man-made wonders that man is systematically destroying in this war. Madrid was first of the old world's great cities to fall prey to modern bombers. Much of the technique to be used later was developed at its expense.

When the war began in earnest, London, largest of all cities, was the bombers' target; on it they have done their worst damage to date. Berlin has been marked for equal treatment if Great Britain can turn the trick.

Leningrad, as well as Moscow, may expect to be given a taste of the Luftwaffe's fury. Glasgow, Hamburg, Barcelona, Birmingham, Hong Kong, Nanking, Paris, Peiping, Rome, Shanghai, Tientsin, Vienna and Warsaw—all have borne the deep wounds of aerial bombing.

Of the great cities of the world—those with more than 1,000,000 inhabitants—only those of the western hemisphere Japan and India have gone unscathed.

## THE STARS SAY:

For Tuesday, July 29

THE ASTRAL forces bearing on the affairs of this day are definitely in the direction of expansion, growth, advancement and excellent opportunity for reaching high goals of achievement and gratification. It is a time to work for such objectives largely by cultivating the friendly aid of those in power and financial standing, whose cooperation will be invaluable. But this approach should be tactful and conservative rather than impetuous, argumentative or forceful. Strenuous efforts might prove futile, and also there is some danger of connivance or irregularity. Sign papers cautiously. Some changes in plans may be looked for.

Those whose birthday it is should be on the brink of a year of splendid opportunity for the realization of major ambitions, with support, preferment and financial backing from those in high places. These should be approached with finesse rather than aggressively, or with turbulence, impetuosity or argument. Vigilance as to deception, fraud or irregularities is enjoined, and it may be necessary to make compromises as to plans and details in order to attain this friendly assistance. With tact there should be gain, growth, promotion and enhanced prestige and popularity.

A child born on this day should have much efficiency, adaptability and power for attaining high ambitions, greatly assisted by its personal popularity and prestige. Nevertheless it may be easily duped or tricked by its own careless or impulsive conduct.

One of our exchange paraphraser is quoted as saying: "It would be interesting to know what the universities of this country would do if they couldn't find Hoosiers to serve as their presidents." Come over to Ohio for 'em.

Another thing we've been wondering about is if General George C. Marshall and William S. Knudsen many times have wished that politics had never been invented.

A mistake Americans could easily make would be to let the blackness of the storm blind them to the hope of normal days. Nothing is so worth fighting for as the sunlight of peace.

## SWIMMING CALLED IDEAL EXERCISE

Calls Many Muscles Into Play

By LOGAN CLENDENING, M. D.

Swimming is the ideal form of exercise because "it calls into play the general body musculature and produces the elongated, smoothly functioning type of muscle in a uniformly developed body." This is the opinion of an eminent physician, as well as an expert swimmer, Dr. David Mezz, of Brooklyn. This should be good news in this season of swimming. Natural

Dr. Clendening will answer questions of general interest only, and then only through his column.

water is best—the ocean, the lake, the river. The ocean is so saturated with oxygen that it detoxicates all noxious matter almost instantly. Sea animals are so used to a high oxygen content in their environment that they will hardly live an hour in a bucket of sea water that can not renew its vitalizing force.

**Safe Swimming Pools**  
Modern hygiene and the work of sanitary engineers have made artificial pools safe and comfortable. The bacterial content of the water, cleanliness of the bathers, laundering of suits, maintenance of sanitary conditions on the premises have led to great reduction in the incidence of disease conditions from swimming pools.

Filtration of the water, and reduction of bacteria by ultraviolet ray or passage of the water through ozonating machines or the chemical treatment of the water by chlorine do not make the water at all harmful and have eliminated a great deal of contamination and cross infections.

Swimming, although ideal from

the standpoint of the number of muscles used and the way they are used, is subject to some hazards. The fact that the body is sustained The fact that the body is sustained gravity of the water makes swimming seem less effortless than it really is and leads to tempting the swimmer to exertion, beyond his powers. It is a common experience of swimmers to be surprised at the amount of fatigue they feel after what they thought was a moderate amount of exercise.

**Limit Time In Water**  
Then too, the water as a medium keeps the body cool, and there is no warning sense of overheating to tell the swimmer he has had enough. Dr. Taylor and Dr. Day-reinforce in a recent study concluded that body chilling from swimming caused definite changes which predispose to infections of the nose and ears.

The number of white cells in the blood is reduced on the surface of the body and the protective powers of the fixed tissue cells are reduced as well as a change in the mucous membrane of the nose. This from chilling alone, to say nothing of the washing away of the protective coating of mucus in the nose and the shrinking of the mucous membrane from the effect of the water.

The warning is very definite and applies to all, even the strongest and most confident swimmer. The limit of bathing time should be 45 minutes.

## QUESTIONS AND ANSWERS

J. F.—"Is a child born of a parent who stutters likely to inherit this speech defect? Can such imperfection be corrected?"

Answer: There is no hereditary tendency in stuttering. Stam-

mering can be corrected in many cases, but the methods of treatment vary and all require great patience.

R. R.—"What causes kidney stones? Does drinking coffee cause them?"

Answer: Nearly every article of diet has been accused of causing kidney stones, but none has been definitely proved to do so.

**EDITOR'S NOTE:** Dr. Clendening has seven pamphlets which can be obtained by readers. Each pamphlet sells for 10 cents. For any one pamphlet desired, send 10 cents in coin, and a self-addressed envelope stamped with a three-cent stamp to Dr. Logan Clendening, 235 E. 45th st., New York. The pamphlets are: "Three Weeks' Reducing Diet," "Indigestion and Constipation," "Reducing and Gaining," "Infant Feeding," "Instructions for the Treatment of Diabetes," "Feminine Hygiene," and "The Care of the Hair and Skin."

## First Grader Tells All

SCOTIA, N. Y.—A first-grade teacher probably won't suggest that her pupils write her letters any more. For a class exercise on the last day of school, the teacher asked for the reactions of the students to school. One wrote: "I hate school. I love you. When are you going to get married?"

"FOR SPECIAL SERVICE" Maryse Rutledge

CHAPTER SIXTEEN

"How do you do?" Marie gave one of her surprisingly shy smiles. She thought this Baroness Lascar was fascinating. Then she turned to Nino in her direct way. "I don't see why it's strange that intelligent people should visit Corfu. After all, the world is here." She turned back to Madame Lascar. "Did you come by Brindisi?"

"Yes, and what an atrociously dull place! That's your yacht in the bay, isn't it?"

Marie nodded. Madame Lascar continued, with a faint glance of mine is on it." She paused, this time including Tony in her slow smile. "A very old friend," she requested. "Felix Norheim. I'm wondering, in fact, if it would be possible for me to see him."

Tony mentally took his hat off to such delicate maneuvering. She was superb. He had to hand it to both her and Lippi for a Latin exhibition of manners under strain.

"I'll tell him you're here," the Marchese said quickly.

Marie spoke up, her voice cordial. "Why do that, Nino? The Baroness must come back with us for tea. Will you?"

"How very kind! I am sure that Felix will be most astonished," Madame Lascar sounded triumphant. "What lovely hair you have, my dear," she said to Marie as they walked out of the hotel. "That shade of red is quite rare—so rich. And the way you wear it—you call that a shoulder bob in America, don't you? Ah, what it is to be young! Tell me about Felix." She slipped an arm under Marie's.

Lippi muttered something under his breath. He walked behind with Tony, whose distrust of this woman had rushed back. For in that single flash of triumph, her eyes on Marie had been cold. He had seen such looks in other women's eyes when confronted with younger rivals. Was that what Lascar thought? Marie—afraid of this added complication to the danger on the yacht?

Then she snapped into wariness, for within a few paces of the launch, Nino said to him too casually. "By the way, did you notice her carnation? An exquisite imitation, no?"

So Nino was in on the cruel and cryptic carnation language... they were still sounding him out. "As a matter of fact, I did notice it," Tony answered, with evident frankness. "Some sort of silk," he laughed.

"Oh, I mentioned it to the Jap this morning. There were some carnations in Sheldon's room last night like this one—only white."

He was prepared for Nino's keen side glance, quickly withdrawn. "I dare say they're not uncommon," Nino observed. "I know that when you run short of fresh flowers on the Serena, they occasionally use artificial ones." He made a slight grimace. "Personally I prefer the garden products."

In his heart Nino was praying that he might never find one of the sinister white carnations in his room.

When the grinning Hoto announced the arrival of the Baroness

## Betty Lyons, William Silver Wed at Camp Wolters, Texas

The wedding of Miss Betty Lee Lyons, daughter of Mr. and Mrs. Wilbur N. Lyons, to William Silver, stationed with the U. S. Army at Camp Wolters, near Mineral Wells, Tex., was solemnized Saturday, July 19, in the Hotel Texas at Mineral Wells.

Chaplain J. H. Laughner of Camp Wolters performed the ceremony in the United Service Organizations center in the hotel. Mr. and Mrs. Ellis Satterthwaite of Salem attended the couple.

Wedding music included selections by the 51st Battalion song-

sters, a quartet of Ohio men in the battalion, with Miss Rosemary Wilford of Fort Worth, Tex., as pianist. Double candelabra were lighted for the ceremony by Peggy Lou Laughner, little daughter of Chaplain Laughner.

The ceremony was witnessed by about 50 soldiers, including many from the groom's company. USO friends honored the couple at a dinner after the ceremony.

The bride wore a navy blue and white frock with taffeta jacket and pearl buttons and matching accessories.

The wedding was the first to be sponsored by the USO in the camp.

Mr. and Mrs. Silver are spending some time at the home of his aunt, Mrs. Gurd Silver, Benton rd. The bride, a graduate of Salem High school, is employed at the Salem millinery store. Mr. Silver, son of Mrs. G. G. Wall of New Castle, Pa., attended school in Texas. He has made his home here for several years. He is stationed with Company D, 52nd battalion at Camp Wolters.

### Miss Holmes Is Bride Of Roland L. John

Miss Gladys Lorean Holmes, daughter of Mr. and Mrs. James E. Holmes of near Winona, became the bride of Roland Leroy John, son of Mr. and Mrs. Leroy John of R. D. 3, Salem, in a lovely ceremony at 2:30 p. m. Sunday in the Winona Methodist church.

Rev. Jack Klein, pastor of the church, officiated at the open church ceremony before an altar setting of palms, ferns and banked garden flowers.

Preceding the ceremony, Mrs. Donald Duseberry of Winona, pianist, played several numbers, including the traditional wedding music. Vocal numbers, "Because" and "I Love You Truly" were sung by Mrs. Clyde Bennett of Winona.

**Given By Father**

The bride, given in marriage by her father, wore a floorlength white taffeta gown with fingertip veil of silk illusion and carried a bouquet of Snow White roses, swansons and baby's breath, tied with white tulle.

Miss Hazel John, sister of the groom, as the bride's attendant, wore a pink marquisette frock and carried Talisman roses tied with yellow ribbon.

Walter Holmes of Winona, brother of the bride, was best man.

Ushers were Arlo Dushman of Greenford and Paul Walthman of Winona, brothers-in-law of the bride.

Mrs. Holmes, mother of the bride, wearing a blue crepe frock with white accessories, and Mrs. John, mother of the groom, in green and white sheer frock with white accessories, wore shoulder corsages of yellow roses.

**Reception Is Given**

A reception and buffet luncheon for members of the immediate families were given at the home of the bride's parents following the wedding. The table was appointed in white with a large wedding cake topped with miniature bride and groom, as centerpiece. White tapers in crystal holders completed the table decorations.

Following a short wedding trip to Niagara Falls and points of interest along Lake Erie, Mr. and Mrs. John will make their home with the groom's parents.

Guests at the wedding were from Salem, Greenford, Alliance and Homeworth.

The bride and groom are graduates of Salem High school, classes of 1941 and 1938 respectively.

### Mrs. J. W. Hundertmark Is Hostess

Mrs. John W. Hundertmark was hostess Friday evening at her home on W. State st., honoring her cousin, Mrs. Scott Chisholm, on her birthday anniversary.

The evening was spent informally. Miss Laura Detamore entertained with vocal selections. The hostess served lunch at a table decorated attractively with centerpiece of garden flowers and lighted candles.

Guests played "cootie" following the lunch. Prizes were given to Mrs. W. E. Gilson, Mrs. Herbert French, Marlene Hundertmark and Maxine Detamore.

The honoree was presented a number of birthday gifts.

Guests included Miss Detamore of Columbus and Mrs. French of New Castle.

### Officers Are Named By Shive Family

Roy Shive of Canton was named president of the Shive family at the annual reunion Sunday in Firststone park, where a basket dinner and business meeting were held.

Other officers are: Vice president, Virgil Shive of Leetonia; secretary, Mrs. William Virden of Lisbon; treasurer, S. R. Shive of Salem.

Mr. and Mrs. Clarence Shive and two daughters of Battle Creek, Mich., were among the relatives attending from Akron, Canton, Cleveland, Madison, Youngstown, Darlington, Pa., Lisbon, Leetonia, Salem and vicinity.

Swimming and other informal entertainment was enjoyed during the day.

### Picnic Postponed

A picnic planned by the Spencer class of the Presbyterian church for July 25 has been postponed until Aug. 5. Members of the class are asked to meet at the Arbuckle-Pearce funeral home at 7:45 p. m. Tuesday in memory of Mrs. Oda Turner Moore.

Lieut. and Mrs. J. Harold Hurst of Los Angeles are expected to arrive here Friday for a visit with their parents, Mr. and Mrs. Neal Strabley, Franklin st. The couple will be making their first visit here since their marriage last February in Visalia, Calif. Mrs. Hurst is the former Miss Margaret Price Whitmore of Visalia. Lieut. Hurst is a pilot for United Airlines, flying out of Burbank, Calif.

Miss Dorothy Kerns returned to her home in Columbus Sunday after spending two weeks with her cousin, Miss Barbara Joan Wells, daughter of Barbara Joan Wells and daughter Barbara Joan visited with relatives in Columbus Sunday.

### VILLAGE TO MARK 103RD BIRTHDAY

SALINEVILLE, July 28—Salineville will observe its 100th anniversary with a five-day homecoming celebration beginning Wednesday.

Sponsored by the Salineville volunteer fire department, the affair will include a community picnic, two parades, a dance revue and a union church picnic.

The Olson carnival will operate its show here the entire week, opening Monday.

First homecoming event will be the community picnic at Chettle lake, five miles east of here on the East Liverpool road. There will be free swimming, free coffee, races, prizes and free bus transportation to the lake.

A novelty parade will be presented Thursday evening, with \$35 in cash prizes awarded to the oldest persons, largest family, best float, and other classifications.

At 8 p. m. Friday a dance revue will be presented at the high school auditorium.

Climax of the celebration will be the firemen's parade at 7 p. m. Saturday with \$100 in prizes to be awarded. The parade will be led by the Fairmount Children's Home band of Alliance. There will be 75 marching units participating, including bands, drum and bugle corps, squad cars and fire trucks.

A union church service will be conducted Sunday evening on the lawn of the United Presbyterian church.

The committee in charge of the celebration is headed by George Goppert.

## Dramatic Black

By  
PRUNELLA WOOD

OUR friends from the Southern Hemisphere have long known the dramatic fascination of black for all occasions and this season we have taken a tip from them. Black holds a prominent and intriguing place in the late summer fashion scene for afternoon, evening and daytime wear in town.

Now you can be dark, cool and handsome in a little black frock during the warm August days and find that it will look just as high style later on under a fur jacket.

The above sketch shows a sheer black faille afternoon dress trimmed with black net footing. It features short sleeves, a snugly fitted waist and hipline, deep V neck and skirt fullness beginning just below the hips.

### SPECIAL CLOTHES DESIGNED FOR SEA-GOING GIRL

Left, white slacks, striped blouse; center, navy flannel slacks suit; right, chalk white shorts, powder blue shirt

If you are a sea-going girl and spend most of your leisure time on the ocean, lake or pond, you'll be able to achieve a really nautical air by donning some of the special sailor clothes designed for feminine mariners. At the left Mona Maris is wearing a smart slacks suit consisting of white slacks and red and white striped blouse. Center is Jean Leslie wearing the perfect slacks suit for sea-going trips. It is navy blue flannel, the jacket modeled after a sailors pea-jacket, double-breasted and hip-length. The slacks are wide at the bottoms and well tailored. Mona Maris again, right, models a shorts outfit, the shorts in chalk white and comfortably cut, the blouse is powder blue, very becoming with a tan.

## U.S. Newfoundland Troops Still Sleep In Custy Tents

BY WADE WERNER  
Associated Press Writer

With The United States Army Newfoundland Base Command, July 25.—(The Special News Service)—

The troops who arrived last January to man this outpost of U. S. defense still are sleeping in tents; but the dog-house is done, by golly, and when the descendants of Admiral Byrd's South Pole huskies arrive for ski-patrol duty they will find a cozy home.

Off-hand, that sounds as though the dogs were going to be treated

better than the men. But it isn't that; it just so happens that it is easier to build a house for a limited number of dogs than to construct an army base for a large force of soldiers.

The summer building season barely has begun on this big, rocky island near the icebergs, but already it is possible to get an idea of the formidable size and character of the new U. S. army base under construction at Quidi Vidi, near St. John's.

Some of the big barracks are near completion, and by late autumn the whole base will be ready for occupancy, an independent community with its own water system and other utilities. The new base will compare with some of the largest establishments of its kind in the United States. Meanwhile the troops are pioneering in tents at nearby Camp Alexander.

The first contingent of soldiers to arrive in January board the U. S. S. Edmund B. Alexander. They remained aboard the ship in the harbor until mid-June, and by that time were glad to move to roomier quarters ashore—even if that meant tents in rather nasty weather, with knee-deep mud during the settling-down period.

Now it's the wind that keeps reminding them war is no picnic. Even on a mild summer evening in St. John's the wind howls under the eaves, and at Camp Alexander the tents groan and heave like ships at sea. And between rains, when it gets dusty, the chronic tempest whips dirt and grit around in a grim imitation of life on the Libyan desert during the monsoon season.

But all this is temporary. By the time winter rolls around again and the ski troops begin training with the dog teams, the men will be living in solid, comfortable barracks at the new base.

### TRUCK-EXPLOSION KILLS TWO DRIVERS

LANCASTER, July 28.—Death toll in a gasoline truck explosion at the Preston Oil Co. loading station eight miles south of here rose to two today with the death of Ovid, Mich., truck driver. Gec's partner, Thale Medlar, 22, of Alma, Mich., perished when he was trapped in the car of the flaming truck.

Bernard Fleming, 31, an employee at the station, and his wife, Mary, 28, were burned seriously when the flames spread to a nearby automobile in which they were seated. Their two children, James, 8, and Janet, 2, were slightly injured.

Cause of the fire, which occurred while the truck was being loaded with gasoline, was not determined immediately.

Hundreds of spectators lined the highway to view the spectacular fire. Mrs. Ivy McCormick, 55, of Sugar Grove, walking to the scene from her nearby home, fell on the railroad tracks and broke her right ankle.

### LISBON BRIEFS

Street Commissioner and Mrs. Roy Patterson were called to Findlay, O., early Sunday morning by the death of Mrs. Patterson's sister, Mrs. B. G. Heck.

Mr. and Mrs. G. V. Weinstock and son, Gordon, and Mr. and Mrs. W. J. Boyd and daughter, Jean, are attending a convention at Cedar Point, Monday through Wednesday.

## EIGHT ARE KILLED IN OHIO ACCIDENT

Speeding Passenger Train  
Smashes Into Auto On  
Grade Crossing

(By Associated Press)

DAYTON, July 28.—A speeding passenger train smashed into the side of an automobile on a grade crossing here late yesterday and killed eight persons who were returning from a family picnic.

One West Carrollton family of five was wiped out; and three members of another West Carrollton family were killed.

Dr. A. P. McDonald, Montgomery county coroner, identified the dead as:

Walter H. Reel, 32, of West Carrollton;

His wife, Mildred, 36;

Their children: Betty, 5, Billy, 3, Ruth Ann, 2;

Otto Kline, 55, of West Carrollton;

His wife, Villa, 53;

Their son, Ralph, 10.

The two families were enroute from a family reunion at Miller's Grove, 16 miles north of Dayton, to their homes seven miles south of here. Deputy Sheriff Earl Frederick quoted witnesses as saying Kline, driver of the car, stopped it momentarily at the unprotected Gettysburg pike crossing, then drove in front of the train.

The train was running downgrade at 70 miles an hour and was 50 minutes late, its conductor, H. O. Allen of Columbus, said.

Deputy Sheriff Al D'Angelo reported that traffic at the scene of the accident was snarled for hours as a crowd which he estimated at 30,000 choked the highway.

The crash was the most tragic accident in a weekend that saw 24 persons killed by trains and highway traffic in Ohio.

At Columbus, Mrs. Mary McDonald, 49, founder and director of the Buckeye Women's Republican Glee club, was injured fatally in a collision.

Other deaths included: Pomeroy—James Kesterson, 50, and Richard Karr, 22, in crash against culvert.

Newark—James Hussien, 51, struck by train.

Hillsboro—Henry Willoughby, 17, skull fractured in fall from truck.

Cleveland—Mrs. W. H. Fields, of Charleston, W. Va.

Canton—Edward Humbert Jr., 12, of Uniontown, in crash of milk truck against tree.

Piqua—Harry J. Davis, 52, of Greenville.

Portsmouth—Frank Schmitz, 60, when truck struck rear end of his farm wagon.

Wapakoneta—Elizabeth Enoch, 20, of Alger, in collision.

Dayton—Elmer Ernst, 28, of Trotwood, motorcyclist, hurled through automobile windshield by collision.

Columbus—Joseph Wagner, 24, struck by automobile; Perry Weese, 78, hit by motor car July 7; Mervin A. Given, 57, injured in truck-auto collision July 16.

Lorain—Harold Guba, 22, in auto collision.

Massillon—Chester Stevens, 15, of Cambridge, in pileup of two trucks and two automobiles.

Woman Drives Into Cafe

BERKELEY, Cal.—Miss Evelyn Adams, 23, while parking a car, stepped on the accelerator instead of the brake, James Katotakis, owner of the restaurant, inside of which the car eventually found refuge via the plate glass window route, estimated total damage at \$500.

## THRILLS AND SPILLS MARK MODEL MEET

Young Air Enthusiasts Put  
On Contests At Miller  
Airport Sunday

(Continued from Page 1)

the terrain. Oh yes, and pieces of propeller.

What would you say? "My Gracious!" Huh-huh. You'd say what all the others said when it happened to them: "It's a piece of cake!" Then you'd pick up the pieces and go home.

You might have been more lucky. Maybe your's was one of the planes that crashed into the hangar doors, or alighted among the spectators. Or maybe it was retrieved by a farmer who lived a couple of miles away.

Take the case of Mr. and Mrs. Herbert P. Richards of Nutwood farm on the Goshen rd., just north of Salem. Sitting calmly on the front porch late yesterday afternoon, Mr. and Mrs. Richards saw a model plane circle their front yard and then glide in for a perfect landing. The plane had glided all the way from Miller field!

The plane belonged to Al Yengling of Lorain who took second place—time is counted only as long as the planes are visible from the field—in the Class C gas-powered event. Yengling was credited with a flight of 4 minutes and 6 seconds, although the total elapsed time from take-off to landing was probably much closer to thirty minutes. But the timer couldn't see the ship from North Benton to Salem so Yengling followed John Hilligaf of Cleveland in the official roster.

Hilligaf had a flight time of 4 minutes and 30 seconds to win the Class C event. Class C includes all the large gas planes—most of them with four to six-foot wing spreads. It was in this group that Dorrance Huffman, Salem enthusiast, took fifth place to be the only local entrant to place.

Best time for the day was turned in, unexpectedly, by a rubber powered plane. A ship belonging to Palmer Futz of Columbus got

stuck in the thermals—bodies of hot, rising air—and hung above the airport for 18 minutes. The mythical prize for the worst crack-up of the day went to Lyle Crist, 17-year-old Alliance High student. The wing on Crist's plane buckled 100 feet above the ground and it fell straight down with the motor going full speed. He reported today that he could salvage only the motor from the wreckage.

The Class A and B winners (planes with wingspreads up to three feet) was George Westmore of Cleveland whose plane stayed up for a 5 minute average of five minutes and 38 seconds on three flights.

The national record for model planes is the one-flight record of one hour and 55 minutes. The gasoline motor on this ship, however, was allowed to run for five minutes. The ship gained altitude during this time and glided for the rest of the time.

In yesterday's meet there were 172 planes with contestants from over Ohio and various points of Pennsylvania entered. Host at the convention were the 22 active members of the Alliance Screwball model plane club.

## VACATIONS NEED CLEAN CLOTHING

That's One Problem That The Paris Cleaners Can Handle

Really enjoyable vacations are almost impossible without several changes of clothing, regardless of where you go or what you do. "Work togs" at rest, stow them away and get into something else.

The fisherman or the outdoors may scoff at the clothing theme but, whether he knows it or not, cleanliness is more to be desired in these situations than any "here" or "there."

At any rate, a vacation camping at the edge of some quiet lake, sojourn at the seashore, auto traveling or a visit with the home—all these things require appropriate clothing.

And it is not always necessary to rent your vacation bankroll by expensive purchases. You'll find the Paris Cleaners ready and willing to do whatever they can to help make your journey a little more pleasant. They'll go a long way toward solving the clothing problem and leave you a little more ready cash for other expenses.

And you can make their clean-up headquarters after the trip. They'll do all the cleaning and your vacation ending will truly be a happy one.

## Famous Girl-Driver Sells Autos

L. P. Steuart, prominent Washington, D. C., automobile dealer, congratulates Virginia Campbell, one of De Soto's famous transcontinental girl-drivers, on successes she scored during first month as a motor car saleswoman in his organization. In center background is an advertising "cut-out" of Virginia which is gracing thousands of De Soto salesrooms throughout the United States including the new local dealership, Wigger's Sales and Service at 166 South Ellsworth.

## Plymouth, DeSoto Agent Appointed

"Pete" Wiggers announces he has just been officially assigned the Plymouth and DeSoto Agency for the Salem district, an authorized agency that is prepared to fully service as well as sell any Plymouth or DeSoto car.

His sales and service departments are located at 166 S. Ellsworth ave. where he says motorists will find they can trade in their old car at a real advantage.

Deliveries on both Plymouth and DeSoto cars of the new models will begin in September if the present plans of the factories are carried out and it seems most likely they will as both plants are now working on these new models.

## URGES TIRE CHECK BEFORE VACATION

Myron Kelly Advises Atlas As Means Of Avoiding All Trouble

Undoubtedly the most annoying and most dangerous thing that can come to the motorist is to have tire trouble.

Now that many are planning vacation trips it would be good judgment to have tires inspected even though you may think they are all right.

An accident, perhaps a serious one, may be avoided by simply making certain every tire is ready to take the hard usage of that long vacation drive usually made at much greater speed than is your usual custom.

**Be Sure of Tires and Brakes**  
If the tires and brakes are all right it is not likely that anything will happen that will cause more than an annoying delay and an expense, but to have a tire blow out is a most serious matter and it's so simple to avoid this possibility.

The Kelly Sohio service station at E. Pershing st. and Lincoln ave. will make complete examination and the service is free. Should you find it is necessary to replace one or more tires they will make you a liberal trade-in allowance for your old tire toward the purchase price of a new Atlas, fully guaranteed tire, that is known for its greater strength. In fact if your tires are worn now is the time to trade them in, because tire prices are most certain to advance soon.

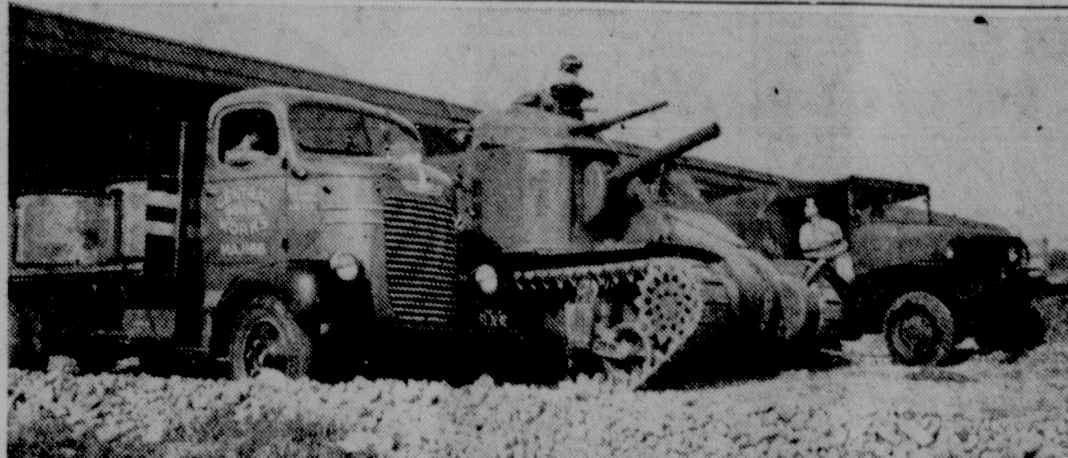

**Backbone of Tire**  
Myron Kelly, the manager of the Kelly Sohio service station, says: "Pieces, made of individual cords, are the 'backbone' of a tire. Atlas uses a special treatment to make the cords extra strong and extra tough. Atlas cords are soaked in rubber latex... pure virgin rubber finely dispersed in water, just as it comes from the rubber trees. After soaking, the cords are dried, leaving the rubber plating.

"This insulation of each cord, by a thorough penetration of latex into the cord-fibers, and a complete, uniform coating of latex around the cord, gives the cords highest possible resistance to chafing and heat. Moreover, all the original strength of the cord-fibers is retained. Atlas Rubber-Plating (latex soaking) avoids the use of a solvent... which might tend to break down the natural waxes in the cotton.

"You now get, in Atlas, a tire that has maximum protection against cord-chafing, a tire that runs cooler and gives you greatest possible resistance to heat and blowouts."

**GETTING RESULTS**

## Partners for Preparedness

An excellent example of how "wheels for defense" are being turned out by the automotive industry is pictured above. All are produced by the Chrysler Corporation. The Dodge cab-over-engine truck at the left is typical of the hundreds of thousands of trucks for commercial, civilian use that are busy these days hauling supplies and materials for constantly expanding defense industries. The part it

plays in the whole scheme of national preparedness is vital just as is Chrysler Corporation's M-3 Medium 31-ton tank or the Dodge "four by four" Army truck on the extreme right. The vehicles were photographed at the mammoth Detroit Tank Arsenal just after this tank had been put through the most grueling of action tests on the tank proving ground adjoining the Arsenal.

## PLANT PROMISES PROMPT SERVICE

Large Truck Fleet Keeps Ice Moving During Hot Weather Period

The Citizens Ice & Coal Co. realizes that it is not necessary to call attention to the virtues of ice—not in the middle of a heat wave as torrid as any we've had for years—but it does desire to remind Salem people that it is serving the public just as promptly and just as effectively as at any other time.

The Citizens has a fleet of eight trucks on the job all the time and, needless to say, none of them has been idle during the last few days.

Summer weather of this type is certain to test the qualities of any cooling agent and, says the Citizens, "good old reliable ice is proving that it has everything necessary for the job."

"Dry cold," point out Citizens officials "is almost as bad as no cold at all, for it causes loss in weight, shrinkage and wilting in foods. To retain all their savory flavor and rich, nutritive juiciness, foods need the moist cold offered by modern ice refrigeration.

"Dry cold is the enemy of housewives who pride themselves on their salads. It sucks out the moisture of the vegetables and fruits and, with it, the savory tastiness." Call the Citizens for service in ice. You'll need it often these days and the Citizens guarantees to get it to you without delay. Or, if you wish, you may have immediate service at the plant itself.

tion in home building, according to the management of the Damascus Lumber Company at Damascus.

Coal and other fuel conserved through insulation, they point out, becomes available for the constantly increasing demands of defense production.

"With factories running day and night turning out arms and machines, an unprecedented load is being placed upon our fuel resources. The less fuel that is required for civilian use, the less arduous will be the task of meeting defense requirements. Fuel saving has become a patriotic duty, as well as sound economy.

An average saving of only two tons of coal a season through insulation, he illustrated, would mean a saving of more than four million tons of coal if one-fifth of the nation's 37,000,000 residential units were insulated.

By utilizing modern materials for construction, a home can be insulated throughout at very little increase in building costs. Insulating board sheathing, for example, can be used in place of ordinary sheathing at approximately the same cost installed.

Lath of similar insulating material can be used as a plaster base. Additional insulation can be obtained where desired by finishing room interiors in decorative insulating board.

## Hot Statistics

NEW YORK, July 28. — Here's what a hot July Sunday (yesterday) means to New York's Rock-away beach:

Attendance—nearly 1,000,000. Automobiles—150,000. First-aid cases—1,278. Rescues—340. Lost children—580. And that's not half of it! Coney Island didn't keep statistics but veteran resort policemen estimated more than 1,600,000 visitors, and the combined attendance at all the public beaches near New York city was at least 2,500,000.

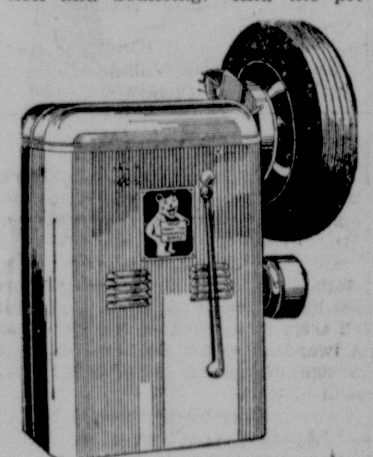

OMAHA, Neb.—When two bandits entered her beer parlor brandishing six-shooters, Freda Eames, proprietress, thought it was a huge joke. The joke was on Freda because the bandits escaped with \$2,700—money Mrs. Eames had taken from the bank to cash pay checks of rail workers.

# Dodgers Lose Double Header To Fall Two Games Behind Cards

## PITTSBURGH TAKES TWO AS BROOKLYN KEEPS ON SLIDING

Cardinals. Meanwhile, Divide Two With Boston Braves, 10-12, 8-6

**BY JUDSON BAILEY**  
Associated Press Sports Writer  
The Brooklyn Dodgers are wobbling on the edge of a precipice and everybody is wondering whether they will get pushed off or just fall over of their own accord.

They dropped another double-header to the Pittsburgh Pirates yesterday, 4-3 and 8-0, to fall two full games behind the St. Louis Cardinals in the struggle for the National league pennant.

For seven innings, the opener, portly Fred Fitzsimmons exerted his jinx over the Pittsburghers but finally had to retire because of the 90-degree heat. Then in the ninth Maurice Van Robays exploded a double with the bases loaded against Curt Davis and won the game.

In the nightcap, Truett (Rip) Sewell pitched a five-hit shutout and the Buccaners blasted out eight runs in one big fifth-inning during which Van Robays again doubled with the bases filled and Vince DiMaggio hit a homer with two on.

**Have Lost 7 of Last 9**  
The Dodgers now have lost seven of their past nine contests, and the crisis may come later this week when the Dodgers invade St. Louis for the last series of their western swing.

The Cardinals were not especially impressive yesterday in dividing a double-header with the Boston Braves. They lost the first, 12-10, and took the second, 8-6. Boston bunched four runs in the first inning and the same number in the ninth of the first game. And in between Phil Masi hit two home runs and Frank Demaree one. Howard Krist got credit for his eighth victory without defeat in the afternoon, although he had to be rescued by Harry Gumbert.

Cincinnati split a pair with the Phillies in a "Paul Derringer day" program. Derringer won the opener, 2-0, with five-hit pitching, and John Podgajny then held the Reds to four hits in the nightcap and triumphed 8-1.

The Chicago Cubs stopped the New York Giants in a single tilt, 9-12.

**Yankees Finally Lose**  
In the American league, the New York Yankees finally were beaten after winning nine in a row. They took the first half of a double-header from the Chicago White Sox, 9-5, but lost the second, 7-3, to Lefty Thornton Lee. This left them 11½ games in front of the Cleveland Indians.

Cleveland salvaged a 4-0 decision out of its Boston series with Joe Eving holding the Red Sox to six hits and getting timely hitting support.

The big noise in the junior circuit, however, continued to come from Philadelphia, where the Athletics swept a double bill from the Detroit Tigers, 8-1 and 7-0, to advance into an almost exact tie with the White Sox for fourth place.

The A's have won seven of their past eight encounters. Washington advanced out of the cellar at the expense of the St. Louis Browns, who the Senators trimmed twice, 4-3 and 4-3.

## Club Entertained At McBride Home

DAMASCUS, July 28.—The Boswell-Mill Creek club will be entertained in August by Mrs. William Williams of Canton. The group was entertained Wednesday by Mrs. Foster McBride with 14 present. Mrs. Frank Delzell of Sebring and Miss Zella Beth Maurer of Mill Creek were guests.

**Damascus Hosts**  
The Damascus Hustlers 4-H club will be entertained Aug. 6 by Bob Davis. The group met with Herbert Santee Wednesday evening.

Mrs. T. L. Stacy gave a health talk. Mrs. Earl Santee served lunch, assisted by Mrs. Elvora Bixby. John Strausbaugh, assistant agricultural agent, Rev. Amos Henry, leader of the club and several boys made a tour of gardens and judged them.

**Juveniles Meet**  
Edna Mather will plan the program for the next meeting of Garfield Juvenile grange, Aug. 13.

A regular meeting was held Wednesday evening when the group decided not to exhibit at the Mahoning county fair this year. The juveniles will sponsor a fair at the grange hall later.

The program was: Vocal duet, "Jesus Loves Me"; Ruth and Donnie Martig; piano solo, Charlene Morton.

**Guild Entertained**  
Rebecca guild of the Methodist church was entertained at Seavon lake Tuesday evening by Miss Jane Sampson. Lunch was served.

The program was: Devotionals, Mrs. H. E. Stout; secretary's report, Miss Sampson; chapter from the book "The Exile," read by Miss Jean Redman.

**Club Plans Picnic**  
Magazine club members will hold their annual picnic Wednesday evening at Centennial park in Salem. A picnic supper will be served.

The committee members are: Mrs. Merle Shreve, Mrs. T. C. Warrington, Mrs. Erba Maddox, Mrs. W. J. West, Mrs. Clyde Baker and Mrs. Nessel Herndon.

A group of young people of the Methodist church are attending the

## Breezy Briefs Of Sport From Brietz To You

**BY EDDIE BRIETZ**  
NEW YORK July 28.—The spurt of the Pirates has Pittsburgh on its ear. The mayor is mighty glad Frankie Frisch's heart belongs to baseball and not to politics. Jimmy Johnston told coast newspapermen Joe Louis will cut Lou Nova to ribbons and win in a walk. Ted Williams hit his past three homers with as many different bats—he gave his game-winning all-star bat to Dizzy Trout of the Detroit Tigers. Nomination for the best manager in the majors (next to Connie Mack): Joe McCarthy. They used to say anybody could win with the material he had, but this year Joe is showing 'em plenty with a team that was picked no better than third.

**The Week's Wash**  
Lew Jenkins, the lightweight champ, and Chris Dundee, manager of Ken Overlin, are out on the limb for Red Cochrane against Fritz Zivic tonight. Buffalo which has a working agreement with Detroit, expects to get \$45,000 Dick Wakfield next season. Jack Marshall, the Texas heavyweight, has joined the Dewey Fragetta stable. Jerry Priddy has bet one of his Yankee teammates that Phil Rizzuto hits 325 for the season.

**Something-or-other Dept.**  
The Mount Carmel (Ill.) baseball team batted around three times in the last inning the other day. And a gent named Charley Outright was retired for all three outs. If this isn't a world's record, you beat it. P. S.: The score was 25-0.

**Today's Guest Star**  
Stanley Frank, N. Y. Post: "It is no longer a question whether the Dodgers will come home in first place. The chief concern now is whether they'll come home at all."

**Couplet**  
And now we'll close with just a mention  
Of that gallant steer, Attention.

**Interesting People**  
Golfier Joe Turnesa's nine-year-old son, Dick, shot 10 in a father-and-son tournament the other day.

The wires confirmed our report that the Jack Dempsey's have made up. Tom Harmon was paid \$13,500 for his just-kid picture.

Billy Conn's little brother, Jackie, who retired from the ring at 17 (under pressure), is trying a comeback at the advanced age of 19.

Ray Robinson, the new lightweight star, is the New York World-Telegram's star-of-the-week.

Ted Mann, Duke's ace sports publicity man, has been called to active duty as a lieutenant in the naval reserves. Add Penfield, Raleigh Sportscaster, succeeds him.

## CLASS IS OPENED IN DOG TRAINING

M. R. Satterfield, director of training for the Cleveland Obedience Training club, will formally open a class in training under auspices of Salem dog lovers at 7 this evening at the Arrow Feed company rooms, S. Elworth ave.

A club has been formed by local dog fanciers who will hold class sessions at regular intervals. The club includes members from East Liverpool and other county points. Any dog owner interested is invited to participate in the training course.

## Not A Beggar, Says Law

FORT WAYNE, Ind.—Blind Robert Pursley, led by his 8-year-old daughter, wandered up and down Fort Wayne streets for six hours playing his accordion. Sympathetic passersby dropped \$33 into his cup before he was arrested for loitering. But in city court, the case against him flopped. Legally, he was no vagrant. He had money—\$33.

**Young people's meeting** at Bethesda. They are Barbara Geiger, Janice Miller, Jean Yates, Ellen June McDonald, and Gaynelle Yowell. They were accompanied by Rev. H. E. Stout and daughter Vivian.

Mrs. H. E. Stout and sister, Mrs. William Young of Millersburg are vacationing at Camp Crag, near Medina.

**Take Ravenna jobs**  
Misses Carrie and Loretta Greenhouse have accepted positions in the cafeteria in the commissary at the Ravenna arsenal.

Miss Edna Oesch has accepted a position in the office of the Grindley Art Co., Sebring.

Rev. A. N. Henry left Friday for Cardington where he will spend a week with his parents, Mr. and Mrs. William Henry.

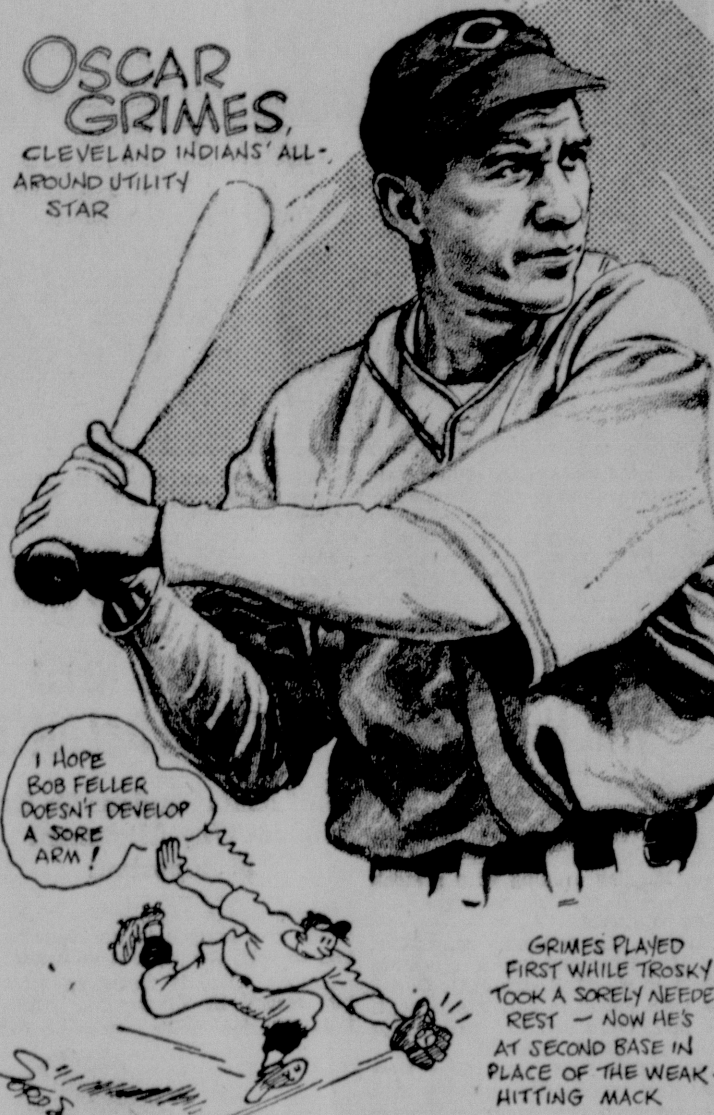

Anna Mae Starbuck of Salem visited Janet Shreve, Wednesday. Donovan McBride sent the week with his grandparents, Mr. and Mrs. Clarence McBride.

**At Friends' Picnic**  
Mr. and Mrs. Milton Hall, Charles Morlan, Mrs. Wilson Morlan, Mrs. Foster Hall and daughter Mary Laurence, Clarence, Dorothy and Elma Pemberton, Lawrence, Walter and Clara Warrington, attended the half-day picnic for Friends at Harlem Springs, Friday.

Mr. and Mrs. William Mercer and children, Vera, Dean and Herbert spent the weekend at Niagara Falls.

Mrs. Ruthanna Winder and daughter Anna of Trenton, N. J., who have been visiting relatives and friends here, have returned home.

## Placentia Lakers Win Two Sunday

Lake Placentia yesterday added two more wins to their sizeable list with victories over the Ravens Mercantiles, 6-0, and the Adamson Manufacturing Co. of East Palestine, 5-4.

Carroll, hard-hitting second baseman, sparked the first game with a home run and a double, as Miller and Hrovatic also puled out two base hits. Hrovatic scored the only extra base hits in the second game with a double.

Schopfer hurled the shut-out for Placentia, while Metzger was the winning pitcher in the second game.

## POLOISTS LOSE TO HARBOR HILLS, 15-5

Nearly 60 Salem fans journeyed to Harbor Hills yesterday to see Salem poloists come out on the short end of a 15-5 score. Hampered by sweltering heat and a field twice as large as their home plot, the Salem riders were no match for the Harbor Hills team as they failed to get the range on the gigantic area of turf.

Pidgeon led the Salem scoring with two goals while Votaw, Smith, and Moff each tallied once. Pitch and Chapter were the leading Harbor Hills scorers.

Both teams played an exceptionally clean game because of the wide open field. There were no sideboards on the turf and the ball was generally kept in an area the width of the Salem field with few shots going out of bounds.

## HOWARD JONES, USC GRID COACH, IS DEAD

Death Of Trojan Mentor Leaves Team Without Leader

LOS ANGELES, July 28.—Football Coach Howard Jones died yesterday, leaving leaderless the University of California football machine which he made famous.

A heart attack cut down the 55-year-old Trojan mentor as he was preparing for the start of a new football season Sept. 8. He had been Southern California's coach since 1925, and since 1934 had been earning \$15,000 a year.

There was no immediate action regarding a successor. Since most coaches have been engaged for the year, however, many informed circles believed Justin M. (Sam) Barry, long Jones' top-ranking assistant, might be given the responsibility of directing the team this fall, at least.

Jones brought Barry here from Iowa in 1929 after he had used him as an assistant at the Hawkeye school. Barry is head baseball and basketball coach.

## Compiles Brilliant Record

Jones' coaching record of 29 seasons listed 194 victories, 65 defeats and 21 ties. At Southern California his teams won 121 games, lost 36 and tied 13. Twenty of his players were acclaimed All-American, 11 of them at U. S. C.

Five Jones-coached Trojan teams represented the Pacific Coast in the Rose Bowl game. All were victorious.

His teams four times broke long victory strings of great Notre Dame eleven most sensationally in 1931 when the Trojans trailing 14 to 0, rallied in the final quarter to win 16 to 14.

His most exciting Rose Bowl triumph was the 7-3 defeat of Duke in 1939. Duke, scattered upon all season, led 3-0 in the final minute. Then the Trojans, from deep in their own territory, completed four passes in succession for a touchdown.

At their height, Jones' teams were the most spectacular powerhouses of gridiron history, well meeting their name, "The Thundering Herd."

## JERRY LIPPIATT IS JALOPY RACE VICTOR

Jerry Lippiatt replaced his brother yesterday as winner of the jalopy races as he compiled the greatest number of points among the fourteen racers entered in the events on the Benton rd. course. Lloyd Meek took second place while Roy Lippiatt dropped from his usual first to third place.

Several spills marked the races. Meek turned completely over in an early race, Jerry Lippiatt lost the rear axle of his car, Delp was knocked off the track and out of the race, and another racer was unable to finish when a piston shot through the head of his motor.

Ed Donaware, riding on the hood of Roy Lippiatt's car, was knocked out for 10 minutes after his head crashed through a flaming wood wall in a novelty exhibition.

## Delayed Assist

PARK CITY, Utah.—Credit the fence with two of the four bases Harry Colbert of the Wasatch league collected for what appeared an ordinary two-base blow.

While Park city teammates labored to extricate Leftfielder Jack Green from the park's barbed wire barrier, Colbert totted home.

## New Lines for Billy Conn

Heavyweight contender Billy Conn has a new kind of second in his corner, the makeup man who is fixing Conn's curly locks for his appearance before the camera in Hollywood where he is starring in a film. Jean Parker, who plays with Conn, is reading him some of their lines.

## Blue Sox Split In Weekend Contests

The Salem Blue Sox, returning to Salem Sunday after being nosed out 7-6 by the Carrollton Merchants on Saturday, eked out 13-12 win over the Hall China of East Liverpool in a game at Centennial park.

Lagging 11-7 at the start of the eighth, the Blue Sox came back as Joe Hrvatic stepped to the plate in the last half of the inning and slapped out a home run with the bases loaded to being in the winning run.

The victory marked the Sox' sixth win in nine games this season.

MERCURY TOPS 95;  
NO RELIEF IS SEEN

Drops To 73 During Night;  
Resumes Climb, Passing  
90 Mark At Noon

(Continued from Page 1)

The siege of blistering weather  
exacted a heavy toll in prostrations  
and drownings. As temperatures  
soared from 10 to 20 degrees above  
normal, reaching above 100 in  
many cities, deaths from heat  
numbered at least 60 and drownings  
totaled at least 76.  
Forecaster G. L. Canaday at  
Chicago said that although scat-  
tered showers were expected today  
over the great plains states, in the  
extreme upper Mississippi valley  
and in the upper Great Lakes, they  
would afford only temporary relief  
and high temperatures would con-  
tinue.

As the mercury soared above the  
100-degree mark in all sections of  
Ohio, four deaths from heat pro-  
stration or sunstroke were recorded  
and nine others drowned.  
The Columbus weather bureau  
predicted continued heat with wide-  
ly scattered showers today and  
perhaps slight relief by tomorrow  
afternoon.

Sunday's 103.2 thermometer read-  
ing in Cleveland was the highest  
official temperature ever recorded  
there, although an unofficial high  
of 107 was set July 11, 1936 at the  
airport before the weather bureau  
was moved there.

Other maximum temperatures  
included Cincinnati 104.8, Spring-  
field 104, Toledo 100, Columbus  
99.4, Akron 97.

**Two Deaths Reported**  
The deaths of William E. James,  
82, and William Madden, 62, at  
Toledo were attributed to the heat.  
Eight other prostrations were re-  
ported there. C. Shaeffer, 66, of  
Lancaster, died of a sunstroke in a  
field near Columbus, and John W.  
Helmeyer, 50, of Dayton, died of a  
heat-induced heart attack.

**Drownings included:**  
TIFFIN—Jean Lawson, 8, daugh-  
ter of Mr. and Mrs. E. S. Lawson  
of Upper Sandusky, motor boat up-  
set in Sandusky river.  
KENTON—Raymond Pope, 5, son  
of Mr. and Mrs. William Pope of  
Dunkirk, in quarry pool.  
CHARDON—Frank A. Bar'e, 36,  
of Cleveland in artificial lake.

**McCONNELSVILLE**—Imogene  
Parsons, 13, daughter of Mr. and  
Mrs. Doyle Parsons of Powhatan,  
in Muskingum river.  
**WINDBRIDGE, Pa.**—Jerry Gra-  
ham, 13, of Tiltonville, O., in wa-  
ter at a camp.

Farmers in the Springfield area  
faced a serious water shortage as a  
result of the 10-day dry spell, C. E.  
Rowland, Clark county agricultural  
agent reported, while in Columbus,  
city officials called upon residents  
to cease sprinkling lawns to save  
water.

## A Weapon of Peace

Such as it looks like a deadly weapon, this bullet-shaped gadget is  
nothing more dangerous than a forged steel pin which will help hold  
together two spans of the Pit River bridge at Sacramento, Cal. The  
pin, shown being lowered into place, is 22 inches in diameter and eight  
feet in length.

## DEATHS

## BARBARA LEE DRASDO

Barbara Lee Drasdo, infant  
daughter of Mr. and Mrs. W. Al-  
fred Drasdo, Jr., of East Fairfield,  
died shortly after birth this morn-  
ing at the home.

Surviving are the parents, and  
the grandparents, Mr. and Mrs.  
W. A. Drasdo, Sr., of East Fair-  
field, and Mr. and Mrs. J. E. Hol-  
lenshead of Columbiana.

Funeral service will be held this  
evening at 7:30 at the Columbiana  
cemetery, Rev. W. J. Snyder of the  
New Waterford Presbyterian church  
officiating.

## D. ARTHUR TAYLOR

D. Arthur Taylor, 61, of 19 Sex-  
ton st., Struthers, died at 1 a. m.  
Sunday at his home following sev-  
eral months illness.

Born in Flint, Mich., March 11,  
1880, the son of Charles and  
Adelaide Swayze Taylor, he had  
lived in Struthers for the last 23  
years. He was an electrical con-  
tractor.

Mr. Taylor was a member of the  
Struthers United Presbyterian  
church, the F. & A. M. lodge of Sa-  
lem, the Scottish Rites Masons at  
Canton, Knights Templar and Au-  
tiori grotto of Salem and was a  
32nd degree Mason.

He is survived by his wife, the  
former Odessa Paxson of Salem  
to whom he was married in 1905; one  
daughter, Mrs. Hudson Hall at  
home; and two grandchildren.

Funeral service will be held at  
the Davidson funeral home in  
Struthers at 2 p. m. Tuesday. Burial  
will be in Grandview cemetery here.  
Friends may call at the funeral  
home from 7 to 9 tonight.

## MRS. ROSE FRANCES

Mrs. Rose Frances Mollenkopf, 30,  
of Salem, died at 11:45 p. m. yester-  
day at the home of her parents in  
New Waterford.

She was born Oct. 29, 1910, in New  
Castle, Pa., the daughter of Mr.  
and Mrs. John Wanner, but spent  
most of her life in Salem.

She was a member of the Ger-  
man ladies' society and of the Ger-  
man Lutheran church in New Wa-  
terford.

Surviving are her parents, one  
daughter, Rose Marie Mollenkopf;  
a sister, Mrs. Paul Lipianek; three  
brothers, William of Cleveland and  
John and Richard Wagner of Sa-  
lem.

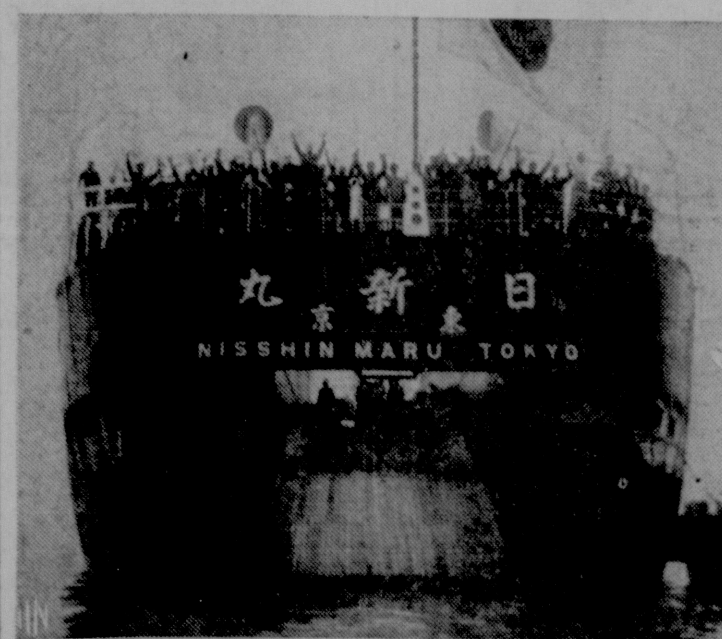

Funeral services will be held at 2  
p. m. Tuesday at the Stark Mem-  
orial in charge of Rev. C. J. Sutorius  
of Columbiana. Interment will be  
in Grandview cemetery.

Friends may call at the funeral  
home this evening.

## Loaded with U. S. Oil

Here is the Japanese whaler Nisshin Maru, which took on 120,000 bar-  
rels of Diesel oil immediately before Japanese assets in the United  
States were frozen. The ship sailed before the freezing order went into  
effect, thereby avoiding possible seizure. The huge opening in the stern  
was formerly used to haul in whales.

## Condition Good

The condition of Dallas J. Bow-  
man, 76, of R. D. 4, Salem, who  
was injured in a traffic accident  
on the Ellsworth road Friday aft-  
ernoon, was reported as good to-  
day at the Central Clinic.

Bowman was riding in an au-  
tomobile driven by Minert Barnes,  
29, of R. D. 1, Berlin Center. His  
right arm struck a farm wagon as  
Barnes started to pass. The wagon  
was being towed by a tractor op-  
erated by R. H. Fletcher of R. D.  
4, Salem.

Bowman's arm was badly injured  
and was later amputated above the  
elbow.

## Accidents Reported

H. L. Wright of 781 S. Lincoln  
ave. reported the left side of his  
car was damaged yesterday after-  
noon when it was side-swiped by an  
unidentified machine. The Wright  
car was parked on E. Pershing st.  
between Lincoln and Penn avenues,  
police said.

Cars driven by Herbert Maus of  
New Philadelphia and Mrs. Mabel  
Boyle of R. D. 3, Salem, figured in  
a minor collision at the corner of  
S. Ellsworth ave. and Pershing st.  
at noon Sunday.

## Takes New Position

Miss Zoia Slutz of Salem has ac-  
cepted a position with the Ohio  
Public Service Co. at Massillon as  
home service director. Miss Slutz  
is a graduate of Salem High school  
and attended Ohio State university  
where she was an active member  
of Omicron Nu, home economics  
honorary sorority, and Phi Upsilon  
Omicron, home economics profes-  
sional sorority.

## Student Will Speak

Josiah Martin, son of Mr. and  
Mrs. J. B. Martin, will speak at the  
meeting of the Rotary club Tues-  
day noon in the Memorial building.  
The speaker, a senior at Brigham  
Young university, Utah, is studying  
dramatic arts and public speaking  
in addition to majoring in journal-  
ism. His program chairman is Jef-  
ferson Pike.

the unit was trapped east of Smo-  
lensk. (Russian divisions number  
roughly 15,000 men).

DNB, official German news  
agency, said that the knockout was  
delivered by a German tank divi-  
sion and that prisoners' state-  
ments disclosed it had been moved  
at least 4,000 miles across Russia's  
vast spaces to bolster the capital's  
defense.

Also in the Smolensk sector, the  
Germans reported 83 Russian tanks  
captured or smashed and still an-  
other noose being drawn around  
eight Russian batteries.

Once the Smolensk battle ends  
with the success the high command  
expects, military commentators said,  
the center of the German front  
may be ready for a direct assault  
on Moscow.

SALT LAKE CITY, Utah—Presi-  
dent Roosevelt's heavy bomber  
program, with its drain on alu-  
minum reserves, may force Utah to  
join the parade of states to plastic  
sales tax tokens. Already, the alu-  
minum shortage has created what  
Atty-Gen. Grover A. Giles termed a  
"purchasing emergency."
